Biography

Early life

When Carezza became pregnant, her husband could not tolerate the suspicions about the child's parentage and banished her. While in exile, she bore a daughter, Leticia. The girl was very quickly given away to the magical academy, Aretuza. Once there, Leticia worked her way up to the position of headmistress.[1][2]

Houtborg investigation

King Goidemar of Temeria hired Leticia and several other mages to try to determine which child out of the Houtborg triplets was not his, and they did succeed, but did not tell the king as that would have resulted in the execution of a two year old child.[1]
